# Theme of the Month

## Bon Voyage

# Learning Types of Magnets

# Holi Celebration at TSGE

The most colourful and vibrant festival of India – Holi was celebrated with splish and splash in TSGE swimming pool. The atmosphere on 6th March 2023 was marked with fun and fervor as learners from Wonder Years till Grade IV celebrated this vibrant festival. The school pool was an amalgamation of enthusiastic students who also sprinkled water with their water pistons on teachers. The littlest one's played colorful full holi with bits of waste paper and made a yummy thandai! There was laughter, joy and merry making in the air. They would remember the day with a difference ~ spent cheerfully and left the school with joyous memories.

# Farewell Grade X and A Levels

We Bid you Adieu! A farewell party was organized by Grade IX and AS Level students of Thakur School of Global Education for the IGCSE grade 10 and A Level students with the \_Hawaiian\_ theme filled with dance performances, a musical performance and amazing games. The highlight of the event was the Ms.TSGE and Mr. TSGE contest. The stunning ramp walk left the students and audience mesmerized by their graceful gait. The auditorium had an atmosphere of joy and excitement, yet it was tinged with an air of melancholy and sadness. The day was a fiesta devoted to the years spent together with friends and teachers, to reminisce joyous moments. The farewell bash rocked the day for all the party attendees and has left an indelible mark. The teachers expressed their love and bestowed their blessings and best wishes on the outgoing students in all their endeavors.

# Montessori beads for Nursery

# Supermarket Visit - Nursery to Grade IV

TSGE believes in imparting real-world learning experiences to its learners and making connections with the world around them. Learners of TSGE visited a supermarket-Reliance Smart Bazaar as a part of their extended learning on a fun-filled day with an embedded educational experience. They were taught different fruits and vegetables, counting and performing basic math skills, learning about different food groups, and practicing social skills. Here is a glimpse of our learners exploring this world that aroused their curiosity and also enriched their experience of hands-on learning.

# Integrated Study Of Social Studies and Art

## Grade I- Going Places

As Social Studies and Art crossed paths, Grade I learners designed their own passports. They not only displayed their artistic skills but embedded the knowledge of SS in it.

# Integrated Study Of Social Studies and Art

## Grade II- Magnifying glass

The learners of Grade II were engaged in studying their Social Studies topic- 'How we learn about the World' and Art – The use of Magnifying glass, by actually experiencing how things magnify. Their fascination of seeing the things magnify was evident and unhidden.

# Integrated Study Of Social Studies and Art

## Grade III - Sumerian Pictographs

An integrated learning of the knowledge the pictographs with Art activity of forming Sumerian pictographs enriched the learning process of Grade III.

# Integrated Study Of Social Studies and Art

## Grade IV- Shapes of Pot Design

Grade IV Learners were provided with an opportunity to integrate their learnings of various shapes of Pot Design of the ancient era.

# Integrated Study Of Social Studies and Art

## Grade V - Mask Making Activity

The study of Maya Civilisation was integrated with Art -with a Mask Making Activity which added smiles to the Grade V learners' faces, making the process of learning a true pleasure.

# Integrated Study Of Social Studies and Art

## Grade VI - Japanese Art Painting

Grade VI Learners learn the 'Japanese Art Painting' along-side their study of 'Japan' as a growing economy.

# Role Play - Nursery

Learners of Nursery exhibiting their acting skills.

# Commerce Session - Grade I to Grade IV

It's not the money that matters, it's how you use it that determines its true value. To inculcate the value of money we conducted an exciting, curious, and fun-filled activity for the young ones to understand the importance of Money. A session on money matters (its importance, various types of money and how to save it) was conducted in AR/VR, followed by an activity where they learned the sources of income, types of money, and spending it wisely with responsibility based on needs and wants. It was a thrilling experience for them to withdraw money with their debit cards followed by mindful spending and savings. Shopping. income#needs#wants#responsibility# #saving#fun#excitement#smartness.

# Filtration Process - Prep II

TSGE laid emphasis on Investigation and Research on its Prep II learners where they were involved in concerns pure and impure water. They were exposed to the topic of filtration and how it helps not only in purification but also in saving water.

# Thank You
