THEME OF THE MONTH

PROBLEM SOLVING

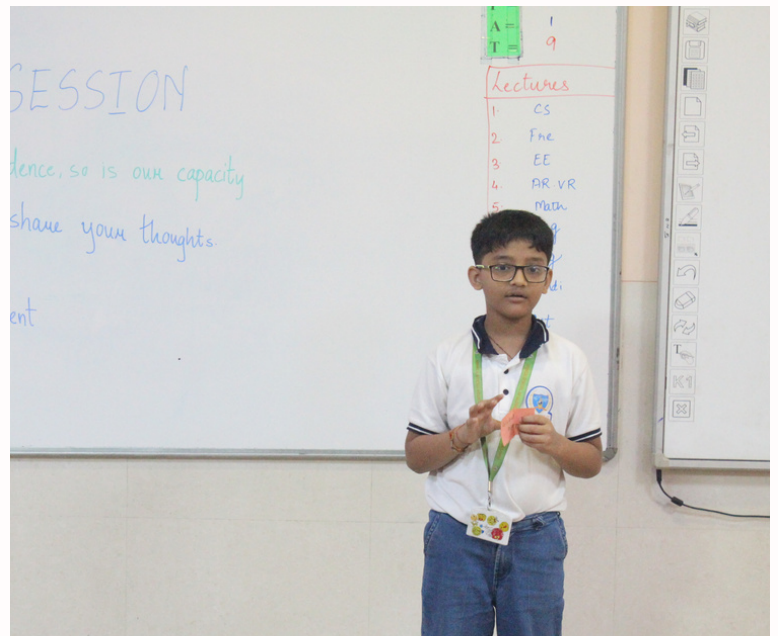

JAM Session

Primary JAM Session: Little Orators Shine Bright

In a delightful and educational JAM Session, Primary learners in Thakur School Of Global Education, recently showcased their confidence, public speaking, and quick thinking skills. Topics ranged from "Most loved toy" to "My Family" and "The book which I read...." The children captivated the audience with their unique perspectives, humour, and heart-warming stories. Supported by teachers and peers, these young orators displayed remarkable courage and growth in communication skills.

The atmosphere was filled with cheers, applause, and supportive encouragement from teachers and fellow students. Despite the initial nervousness, these young orators displayed tremendous courage and eloquence, and their growth in communication skills was evident to all who witnessed the event. This event was designed to boost their confidence, improve public speaking skills, and encourage quick thinking, and it certainly achieved these goals, leaving everyone awestruck.

Raas Garba

TSGE organized a lovely Ras Garba night for its learners and Parents. A sense of togetherness is the very essence of our Indian culture and this colourful, action-packed and musical event brought everyone on one common platform. Dressed in traditional Garba ensembles, the evening was indeed a glamorous and lively host of colours.

LEMONADE MAKING ACTIVITY

This activity provided a sensory experience and helped develop fine motor skills. The learners DEVELOPED their scientific thinking and language as they discussed and explored together the changes in ingredients. Also great refreshment for October heat!

SORTING LAND AND OCEAN ANIMALS SORTING ACTIVITY

Animal sorting activity is a fun way to teach our students about different animals and their habitats. This hands-on activity helps them to identify which animals lives on land and water. It also helps them on developing critical thinking skills as they analyze character traits of familiar animals to sort them into groups.

FIELD TRIP - VISIT TO DENTIST

The Wonder Years section of TSGE went for a field visit to a Dental Clinic. What a fun morning we had! The learners learned about teeth and how to keep them clean. They practiced proper brushing technique.

Dr. Alaay talked to the kids about different dental instruments and how they help keep teeth clean. One brave preschooler volunteered to be the patient while Dr. Alaay showed what to expect during a dental visit.

Then came the best part, each grade reflected on different activities done in class about their visit. We loved sharing why keeping their teeth clean is so important and hopefully allayed some of their fears of the dentist

REFLECTION ACTIVITY

AFTER OUR VISIT TO THE DENTIST WE HAD SOME GREAT REFLECTIVE ACTIVITIES. These dental health activities for OUR LITTLE LEARNERS helped them TO understand why it's so important to take care of their teeth. They learn about their teeth and mouths and get hands-on practice with brushing and flossing.

ACTIVITY ON MAKING CLOCK MODEL

Hands on activity#Buddy learners# Creating analogue clock#exploring different times on the clock face .

MONTESSORI BROAD STAIRS

Whilst exploring the Broad Stairs Montessori material the learners were learning about prisms, concepts related to size, dimension, spatial relationships, and early mathematical concepts. Learners can arrange the blocks in order, from the largest to the smallest or vice versa, teaching them concepts of size and dimension.

MEDITATION FOR WONDER YEARS

CONCEPT OF LEFT AND RIGHT

Prep I learners demonstrate their understanding of laterality and directionality skills and they are able to learn the difference between letters, numbers and words. With this fun activity, learning left from right and front from back was an easy understanding. They used words as round and were reflective about how objects are rotated.

NEWSPAPER READING ACTIVITY

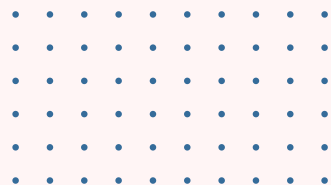

Prep II learners reading newspaper, to develop their vocabulary and reading habits. It can also help to understand the punctuation and help them learn about daily events.

DUSSEHRA CELEBRATION FOR WONDER YEARS.

Lighting up the festive spirit, Wonder Years at TSGE celebrated Dussehra on 23 October, 2023. As we know, Dussehra is celebrated in diverse ways in different parts of our vast country, but the core value it signifies remains the same. The festival celebrates the victory of good over evil – an important lesson for every child.

The learners were dressed beautifully in traditional wear, they danced to Gradba tunes and watched a puppet show by teachers on Ramleela. They chanted in adoration JAI SIYA RAM! The school served them mouth watering delicacies, fafda and jalebi. The Dussehra celebration was summed up by a craft activity conducted in the class. The event was a learning experience for all and enriched the young ones about our heritage and culture.

SPORTS DAY

The Sports Fiesta at TSGE commenced with an exhilarating opening ceremony, setting the stage for a vibrant celebration of sportsmanship and unity. Coordinators' impassioned speech and the symbolic torch-bearing ceremony ignited a sense of purpose and determination among participants. The school's vibrant sports banner and balloons soared, reflecting collective aspirations. The day unfolded with thrilling relay finals, captivating gymnastics displays, and spirited tug-of-war competitions for both students and parents. The event culminated in a heartfelt prize distribution, honoring the exceptional achievements of the participants. The soul-stirring school anthem and the resonating national anthem underscored the unity and pride that defined the TSGE Sports Fiesta, leaving a lasting legacy of camaraderie and triumph.

HALLOWEEN CELEBRATION

Halloween, a global festival, was celebrated with much fun and fanfare by learners at the Thakur School of Global Education (TSGE). Learners and teachers came dressed up in their beautiful costumes - witches, ghosts, scary movie characters, skeletons, vampires, and other favourite evil and spooky characters for the Halloween celebration. Everyone enjoyed trick-or-treating, eating candy, dancing, Halloween games and craft.
